Declaration of Inventor John G. Olsen pursuant to 37 C.F.R. § 1.131

Sir:

1. My name is John G. Olsen and I am an inventor listed in the above-identified patent application.
2. I have compared the claims of the above patent application with those of U.S. Patent No. 5,873,066 and I am of the opinion that the claims in my application are not directed to the same invention as that set forth in U.S. Patent No. 5,873,066.
3. The above patent application stands rejected under 35 U.S.C. 102(b) as being anticipated by U.S. Patent No. 5,873,066. U.S. Patent No. 5,873,066 issued on 16 February 1999. The above identified patent application was filed on 04 October 1999, less than one year after the issued date of U.S. Patent No. 5,873,066.
4. The filing date of U.S. Patent No. 5,873,066 is 10 February 1997. I declare that the above identified invention was conceived prior to the filing date of the U.S. Patent No. 5,873,066 and that I have diligently worked to reduce the invention claimed in the above identified patent application to practice from such conception date and

that such reduction of practice has occurred as a result of my submission of the subject patent application.

5. In support of this declaration, I provide the following documents:
